

Real Reaction

We put fashion in electronics

End product

Presented by: Pedro and Kevin
User Interface Designer

Specs

- Production cost 15.8
- Basic functions plus:
 - Locator
 - Cradle
 - Scroll wheel
 - And the NEW and REVOLUTIONARY zapping scroll function!!!!

The screenshot shows a PowerPoint presentation window. The main slide is titled "Closing" and contains the following content:

- Are the costs within the budget?
- Is the project evaluated?

Below the bullet points, the text reads: "Then: Celebration!" and "Free coke provided at the cafeteria...". At the bottom of the slide, there is a yellow banner with the "RR" logo on the left and the text "Real Reaction" on the right.

The left sidebar shows a list of slides: "Real Reaction", "Design meeting", "Agenda", "Finance", "Project evaluation", and "Closing". The "Closing" slide is currently selected.

The bottom status bar indicates "Slide 5 of 5", "RealReaction", and "English (U.S.)". The taskbar at the very bottom shows various open applications, including "Inbox", "Home", "Pre-Qu...", "Wess...", "Projec...", "Meetin...", "Minute...", "Agenda...", "Agenda2", "Compo...", "Interf...", "Agend...", "Micros...", and "end pr...". The system clock shows "15:49".
